

Shown with optional chrome plated metal parts.

UNIQUEU™ UUA SERIES CHAIRS

Cast aluminum base/ribbed, self-skinned urethane seat and backrest combination.

UniqueU UUA Series chairs are recommended for the following environments: industry, education, laboratory, clean room, anti-static and healthcare.

Molded self-skinned urethane seats and lumbar-supporting backrests are easy to wash down and resist damage from water, lubricants, chemicals, inks, paints, coatings and resins. Customize by selecting from a wide variety of options or performance packages.

STANDARD FEATURES

Backrest: Self-skinned urethane with integral lumbar support, 16.5" wide x 12.5" high with 0.09375" ventilating ribs.

Seat: Self-skinned urethane, 18.5" wide x 17" deep x 1.5" thick with waterfall front, shaped rear edge and 0.09375" ventilating ribs.

Controls: Standard with Task Control – Soft-touch pneumatic seat-height adjustment, fixed rearward seat tilt of 3.5°, backrest tilt, backrest-height adjustment.

Base: High-profile, Euro-style cast aluminum base with 25.6" diameter; T-shape construction provides added strength and facilitates easy cleaning.

Casters and Glides: Dual-wheel, non-marring polyurethane casters resist movement when the seat is unoccupied.

Metal Parts: UniqueU UUA Series chairs have a black powder-coated finish as standard or a chrome-plated finish when specified with a C option code (aluminum base has a polished top with the C option).

Warranty: 13 years.
