

Supra™

Supra™

Value, beauty & comfort: all in one exceptional chair series.

5330-2 High Back Knee Tilter

5331-2 Medium Back Knee Tilter

Contoured cushions support the user in comfortable, contemporary style. Supra is available with a standard black fiberglass reinforced nylon base or an optional Tungsten (TUN) finished steel base. An armchair is available with casters for easy mobility. Value, beauty and comfort all in one chair series. Designed by Zooney Chu.

Supra's beautiful lines and its exceptional value have quickly made it one of Global's most popular products.

Supra™

Supra supports the user in comfortable, contemporary style.

5331-2 Medium Back Knee Tilter with optional Tungsten base

5332 Armchair with four leg base is standard with a Tungsten (TUN) frame

Protective Outer Back. Beautifully sculpted outer back shell is made from impact resistant polypropylene for additional durability.

Soft Durable Arm. The broad sculptured armcap is soft to the touch and made from durable self-skinned urethane.

Tilter. Chair offers tilt tension adjustment and tilts from a pivot point under the center of the seat allowing you to rock comfortably. Chair can be locked in an upright keyboarding position.

Knee-Tilter. Chair tilts from a pivot point at the front of the seat. This keeps your feet on the floor as you rock and reduces pressure behind the knees; thereby enhancing blood flow. Tilt tension is adjustable for body weight.

All above shown in Styx, Olive (ST20).

Supra™

Supra is defined by superior practicality in so many office applications. The popular choice for management, meeting rooms and guest seating.
