Configure, connect, stack and store

Duet™ stacking tables are easy to configure, quick to stack and simple to store. Duet turns any space into an effective learning environment that can quickly transition from classroom lectures to collaborative discussions. Duet tables fit and function perfectly with our popular Duet stacking chairs. Available in ten contemporary colors.

Function and flexibility

Configure Duet tables individually or connect in rows with an integrated ganging frame. The lightweight tables can be quickly arranged into various layouts for flex spaces, and stack up to five high on the floor or 20 high on a dolly. An optional ADA compliant frame that accommodates wheelchairs brings everyone together.

Lasting performance

Duet tables are high achievers. The one-piece worksurface features a waterfall profile that extends to form a modesty panel at the front of the table. Scratch-resistant and easy to clean, the polypropylene table top is supported by a chrome-plated solid steel frame that withstands rigorous use. Optional non-marking glides are available for a range of floor surfaces. Duet is backed by Global's Lifetime Warranty.

Color it your way
