CARE + CLEANING

Fabrics:
To extend the life of your seating upholstered in fabric, regularly dust the chair to prevent airborne particles from penetrating the fabric surface. For light soiling, use a damp cloth and blot the spot with very slight pressure, taking care never to soak the fabric. Dry with a clean cloth by blotting - never rub fabric. More intense stains can be treated the same way, but with a mild detergent.

Luxhide:
For regular cleaning, simply use a soft, damp cloth, taking care not to soak the Luxhide. For more thorough treatment, soak a soft cloth in mild soap solution and wipe surface in a light circular motion. Repeat with clean water. Allow to dry and polish with a soft dry cloth. Do not use detergents, aerosol sprays or other polishes.

Always test fabric first in an unseen area before using any cleaning method. Seating textiles shown are for reference only. While color consistency and quality are controlled to the highest standards, color may vary from samples shown.

Wood Veneer Finishes:
Following the direction of the grain, wipe with a soft damp cloth, then a soft dry cloth. For heavier soils, try a mild soap solution (do not use spray polishes, solvents or products containing ammonia), then repeat the above steps.

Laminate Finishes:
Using a soft cloth, simply wipe the surface with a mild soap solution or glass cleaner, then use a soft, dry cloth and circular motion to prevent streaks. Always test finish in an unseen area before using any cleaning method. Finishes shown are for reference only. While color consistency and quality are controlled to the highest standards, color may vary from samples shown.

For actual finish samples, please contact your local sales representative.
